Data Security

Secure - Save all your usernames and passwords in one secure location so you never have to write them down.

Personal - Organize your data by categories and create personal folders.

Convenient - Automatically remembers and enters log-ins and passwords for your stored sites.

We all have 'em. Little bits of personal info we need easy access to, but that have to be kept secure.

Passwords, logins, credit card numbers, insurance info, pin numbers, garage codes, Rx numbers, hotel points and frequent flyer numbers... the list goes on and on. No more "forgot password" problems. Save and store usernames and passwords, then auto-fill your logins the next time you visit a site.

Password Genie

+Smart Logins
No complex learning required. Password Genie saves your usernames and passwords and provides auto-fill, auto-submit, and keystroke options.

+Advanced Custom Options
Password Genie comes with multiple preference options that will make your experience unique and browsing hassle-free.

+Safe and Secure
All your personal data and preferences are stored with 256-bit AES encryption and transferred with 128-bit SSL, the same technology used by secure sites and banks today. In addition, your data is further protected by requiring access to your computer with a password only you know.

+Multiple Users / Multiple PCs
Password Genie can be installed on up to five (5) computers with unlimited users. Best of all, your saved logins, usernames, passwords, and preferences are synchronized across all your installations so they are available wherever you are.

+Automated Backups
Password Genie ensures that all your saved website usernames and password are securely backed up and available in case you need to do a reinstall or transfer to a new computer at any time.

+Form Fill
Password Genie allows you to save your commonly used web form information and automatically enter it into online web forms. Use this for Profile Information, Contact Information, Credit Card Information and Bank Information, all safely and securely.
